

Pressure Reducer, Dr. Wieland

Bottle pressure reducer

Bottle pressure reducer with volume manometer and working-pressure monometer, supply pressure 200 bar, single stage, brass.

Article	Order No.
Oxygen, 0 – 10 bar	39 12 10125
Argon, 0 – 30 l/min	39 12 13131
Nitrogen, 0 – 10 bar	39 12 20128
Hydrogen, 0 – 10 bar	39 12 25258
Compressed air, 0 – 10 bar	39 12 29582
CO ₂ , initial pressure 0.5 – 3 bar, nominal pressure 200 bar	39 12 30134

6 mm nozzle with fine adjustment valve, suitable for incubator gas supply

Pressure reducer for other types of gas and pressure ranges available on request.
