

BOLA GL Tube Fittings Elbow EX, Bohlender

Tube fitting elbow-shaped made of PTFE-EX, two connections with GL thread. Connection of tubing or tube with BOLA Laboratory Screw Joints EX.

Applications: For distributing liquids or gases. As reduction for connecting different diameters of tubes or tubing.

Technical data:

Material:	PTFE-EX
Temperature resistance:	from -200°C to +250°C
Chemical resistance:	++ very good
Pressure:	10 bar
Vacuum:	suitable
Conductivity:	10 ⁶ Ohm

Thread GL	Through bore mm	Length without screw joint mm	Wrench size square mm	Order No.
14	6.5	37	20	10 17 65814
18	10.5	39	20	10 17 65818
25	14.5	51	27	10 17 65825
