

Heating Tapes, SAF Wärmetechnik

LabHEAT®-Heating tapes KM-HT-BS30

Highly flexible; no protection against ingress of water; protective metal bridging outside (protective conductor); outer sheath in glass silk

Max. heating element temperature: 450°C

Dimension: 30 × 5 mm

Bending radius: > 15 mm

Nominal voltage: 230 V AC

Preterminated with 1,0 m cold end

Length m	Heating cap. W	Order No.
0.5	125	45 91 13005
1.0	250	45 91 13010
1.5	375	45 91 13015
2.0	500	45 91 13020
2.5	625	45 91 13025

Length m	Heating cap. W	Order No.
3.0	750	45 91 13030
4.0	1000	45 91 13040
5.0	1250	45 91 13050
7.0	1500	45 91 13070
10.0	2000	45 91 13100

Other designs of heating tapes, also up to 900°C, on request.
